The Education People is Kent County Council's education services company, and is a one-stop shop for education services, supporting the full age range from early years to young adults. We offer a large selection of training courses and services ranging from leadership to safeguarding and from business services to school improvement. Threads of Success is The Education People’s framework for supporting excellence in early years and out of school childcare provision.

Integral to Threads of Success, Transition Matters was originally developed in 2016 and provides effective support and guidance for all transitions in the early years which remains relevant and in line with current guidance and statutory requirements.

With effect from September 2018, the following services detailed within the Transition Framework booklet are now part of The Education People:

- The Early Years and Childcare Service
- School Improvement Service
- Skills and Employability

Please note that at the time of transition to school, we provide the ‘My Unique Progress - Transition’ document which is an integral element of Transition Matters and can be used as part of the vital sharing of information between settings and schools to ensure each child has the opportunity to have a seamless transition (see separate sheet).

Transition Matters is also available as a uni-flip. To order a uni-flip version please visit: www.theeducationpeople.org/products/early-years-childcare/transition-matters/
