

### What is Children's University™?

The Children's University™ (CU) aims to promote exciting learning opportunities and experiences outside normal school hours for children aged 7 to 14 (and 5 and 6 year olds with their families). At the heart of its work is the ambition to raise aspirations, boost achievement and foster a love of learning, so that young people can make the most of their abilities and interests.

### What is a Learning Destination?

*Learning Destinations* are places and organisations to which children can 'travel' with their *Passport To Learning*. They provide high quality learning activities and experiences with a 'wow' factor and have passed the Children's University's™ own quality assurance process (*Planning for Learning*). A *Learning Destination* can range from a museum to a farm or from an airport to a school.

There are *Learning Destinations* across the country. You can find out more about them by visiting [www.childrensuniversity.co.uk](http://www.childrensuniversity.co.uk)

### Where can my child/ren earn Learning Credits?

#### In Kent and Medway, children can earn Learning Credits in five ways:

1. Through their school's Validated extra-curricular activities (if their school is part of Kent Children's University™)
2. By visiting one of the many hundreds of Learning Destinations across the country. These can be accessed via the National Children's University's website.
3. By taking part in activities with organisations who are Validated Learning Partners. These Learning Partners can be found on the National Children's University™ website.
4. Through completion of Virtual Credit tasks. These are promoted through the Facebook and Twitter pages as well as the eNewsletters. These activities include Nature Detectives opportunities, KCU Challenges, Reading Challenges and much more!
5. By participating in a CU Live! lecture and workshop. These sessions are organised by Kent Children's University™ and are open to all children across the country. These activities take place during the school holiday periods. Information about past and future activities can be found through our Social Media channels and eNewsletters.
