

# Simplify governance with a GovernorHub One subscription

## What is a GovernorHub One subscription?

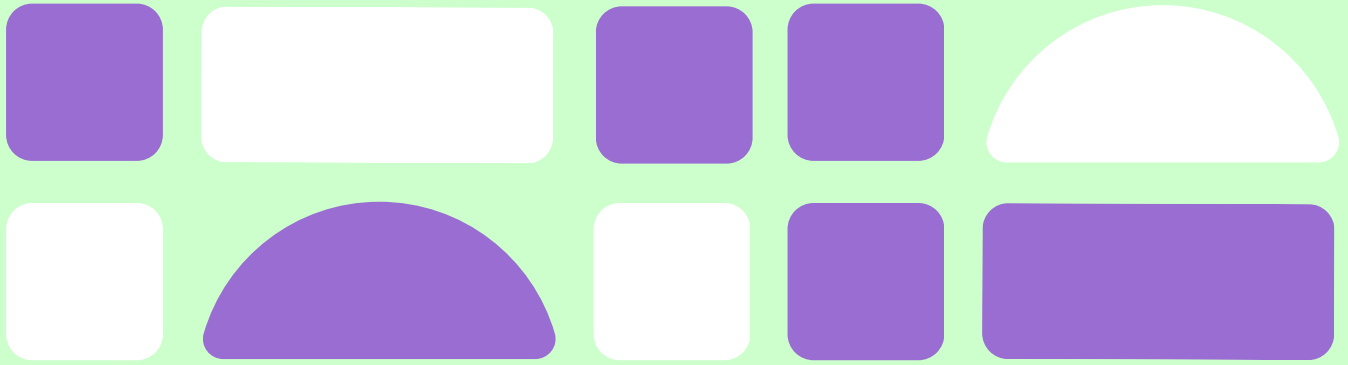

GovernorHub is an online service designed to help governing boards run more efficiently. Used by thousands of schools across the country, it helps trustees, governors and clerks communicate and store documents, membership details, meeting schedules and other information in one secure, accessible and fully GDPR-compliant system.

GovernorHub is a web-based service, accessible from school, work, home or wherever you have internet access. GovernorHub One combines these tools with a previously separate governance support subscription called GovernorHub Knowledge.

Knowledge provides governors, trustees and clerks with the skills, knowledge and confidence to govern effectively with integrated advice, guidance, on-demand training, articles and resources.

**Please turn over to find out what's included with the subscription.**

## What's included?

Full access to The Education People's Governor Services training, articles, guidance, legislative updates, monthly bulletins and frequently asked questions.

Unlimited access to practical articles, templates and resources to help everyone know what is (and isn't) expected of them, when to do something and more importantly, how to do it well.

On-demand training courses and learning pathways which focus on the core topics that you need to make a difference. Do these any time to suit you and your schedule.

Tools to enhance board effectiveness by assessing skills, documenting practices, and streamlining operations with features like visit records, unlimited document storage, messaging, and a shared calendar.

Communication tools keep board members informed through weekly emails tailored for all governance roles, timely alerts on important government guidance, and a 'save for later' feature for articles.

## Next steps – Sign up for a free trial

We offer a free no obligation one-month trial. After that period, the cost of GovernorHub One is dependent on your school roll but prices start at £500 (+VAT). If you'd like to sign up or find out more about how GovernorHub One can help your school, nursery or management committee, please contact Governor Services.
